

2nd AOCN Master class in Pediatric Neurology for Postgraduates

4th February 2018

The Metropolitan Hotel and Spa, Bangla Sahib Road, New Delhi

Workshop objective

This exam oriented workshop is suitable for pediatric postgraduate residents who will be appearing in their final exams. This workshop intends to revise the basic facts that are expected from students in neurological case discussion in their exams

Content

This masterclass will have sessions that will focus on *exam oriented approach* to common clinical cases in Pediatric Neurology. It will be an interactive session that will focus on *case vignette and video based discussion* of common clinical conditions that are commonly asked in exams. These exam oriented sessions are expected to focus on highlights of history, examination and key differentials of common clinical cases allotted to MD/DNB/DCH Pediatrics in their final practical exams.

Registration

Registration will be restricted to only 60 students. Registration will be purely on the basis of FIRST COME basis. Number of participants will be restricted to ensure free discussion during the sessions

Course fee: Rs. 2500 [Registration closes on 15th January 2018]

Course Coordinators

Dr J S Kaushik

Dr Suvasini Sharma

Dr Rekha Mittal
